POSITIVE SPIN

GRADES 4-8 STUDENTS

Positive Spin is a motivational performance geared towards helping elementary & middle-schoolers empower themselves to see the positive in every challenge they face. Through the use of comedy, music, dance and yo-yos, Ooch shares his techniques of dealing with “issues” in a uniquely fun and interactive way.

Whether it be earning respect of teachers and peers, dealing with gossip and bullying, handling failure, or powerfully and positively channeling anger, Ooch has tips and tricks that will make the challenges of daily life a little less daunting.

Brett Outchcunis [ooch-KOO-nis] is a professional personality and life coach for kids: a modern-day Mister Rogers with a twist of cool. He is a TV personality without the TV show. His show is the show of life! His stage is your stage. Please visit www.oochworld.com.
